I hope you can join us and look forward to seeing you at the program.

This program is intended for invited animal health professionals or other appropriate personnel for whom the presented topic will be relevant. We regret that spouses and other guests who are not affiliated with the practice cannot be accommodated.

**IMPORTANT SAFETY INFORMATION:** ENTyce<sup>®</sup> (capromorelin oral solution) is for use in dogs only. Do not use in breeding, pregnant or lactating dogs. Use with caution in dogs with hepatic dysfunction or renal insufficiency. Adverse reactions in dogs may include diarrhea, vomiting, polydipsia, and hypersalivation. Should not be used in dogs that have a hypersensitivity to capromorelin. Please see the full [Prescribing Information](#) for more detail.
